EBA Guidelines on specification of types of exposures to be associated with high risk under Article 128(3) of Reg (EU) No 575/2013 (EBA/GL/2019/01)

These Guidelines specify which types of exposures, other than those mentioned in Article 128 (2) CRR, are to be associated with particularly high risk and under which circumstances. They also clarify the notion of investments in venture capital firms and private equity.
