OTC Derivatives Market Reforms: Thirteenth FSB Progress Report on Implementation

This report provides an update on the progress made across the G20's over-the-counter (OTC) derivatives reform agenda. This includes trade reporting of OTC derivatives; central clearing and, where appropriate, exchange or electronic platform trading of standardised OTC derivatives; and higher capital and minimum margin requirements for non-centrally cleared derivatives.

Keywords

Bankenaufsicht (Europäische und Internationale Organisationen), Derivate, OTC-Derivate
